

STRUCK BARGE IN CANAL

British Steamer Edward Dawson
Arrives in Need of Repairs.

WILL BE SURVEYED TOMORROW

Bridge Carried Away, Shell Plating
Amidships Sprung and Much Dam-
age to Upperworks of Vessel—Water
Front News Notes.

With her bridge carried away and her shell plating amidships badly sprung, besides a good deal of miscellaneous damage to her upper works as the result of a collision in the Port Arthur canal on June 12 with the barge Harry Morse while bound from Port Arthur to this city, the British steamer Edward Dawson, Captain Uron, arrived here yesterday morning after noon and anchored in the stream to await orders from her owners.

The Dawson is consigned to the Maryland Coal & Coke Company of this city for bunker coal and is enroute from Port Arthur for Liverpool with a cargo of oil. She steamed from the former port on June 12 and in going down the Port Arthur canal was passing the large in tow of a tug bound up the canal, when the charge took a sheer in the narrow channel toward the steamer and struck her amidships with her bow, the anchor of the barge smashing away one of the life boats and damaging her bulwarks and upper strake of shell plating to a considerable extent.

A survey will be held on the Dawson tomorrow by Mr. J. H. Masden, Lloyd's surveyor at this port, and recommendations will be made as to what repairs are necessary to put the vessel at sea worthy of conditions again. It is likely that such repairs will be made at the shipyard here.

Marine Notes.

The five masted schooner Grace A. Martin which has been at the shipyard for repairs, dropped down to the coal piers yesterday afternoon to load a cargo, the work on her at the plant having been completed.

Three foreign steamers called here yesterday for bunker coal—the British steamer Newlands, supplied with 225 tons, enroute from Gullport to Amsterdam; the Danish steamer Cinabria, supplied with 400 tons, enroute from Galveston to Aalborg; and the British steamer Causasian, supplied with 550 tons, enroute from Port Arthur to Belfast.

The Seaboard Transportation Company's barge Ohio which has been at the shipyard for repairs for the past week was towed to the coal piers yesterday afternoon to load a cargo for New England, the repair work on her having been completed.

Norfolk Agents Fined.

NORFOLK, VA., June 19.—J. M. Crane, Paul O. Santos and J. A. Stubbs, shipping agents and representatives, charged with boarding foreign vessels entering the port before they had been passed by quarantine and customs officials, today pleaded guilty to federal court indictments. This being their first offense Judge Waddill placed the fine at \$10 each with admonition against future violations.

CHEVROLET, IN BUICK CAR, TAKES COBE CUP

(Continued from First Page.)

from the start, half of them dropping out before the finish. Florida, in a Locomobile, on the first lap, broke a jack shaft, resulting in his immediate retirement. Seymour, driving an Apperson, was compelled by engine trouble to quit on the fourth round. Strang was the victim of a picturesque series of mishaps but stuck to his task with grim singleness of purpose in spite of a hopeless prospect.

Delays due to minor annoyances left him a full lap behind the leaders at the beginning of the fourth. In the fifth he was compelled to make repairs, and in the seventh and eighth laps broke down in the same spot.

Undaunted, he continued only to come in on the next circuit with an incapacitated mechanic, Fred Kunze, who, worn out by the heat and blinded by flying oil, was unable to go further.

Strang took on another helper and was again on his way. The third car to quit was a Buick, with Burman at the steering gear.

Ended in a Ditch.
He ended in a ditch in the sixth lap with a ruined gasoline tank. Soon after Denison, on a Knox, was forced out by engine trouble.

Denison's untoward fate was particularly pathetic owing to the terrific and almost even duel which he waged with Chevrolet up to the very moment of his defeat. From the third lap, with Denison leading by seconds, the leadership alternated between the two. Miller's thirteenth lap was fatal to his chances. After mounting from seventh place at the outset to fourth in the twelfth, both wheels of his machine came off on the rough east leg in this unlucky round.

In the twelfth round Lytle, in an Apperson also gave up. Without the rear springs of the car he made four rounds with the body resting on the axle.

The spectators in the grand stand saw no serious accidents. Probably the most serious affair of the day occurred when Robertson's car, a Dadd, struck Theodore Mullen, a flagman, and broke his arm.

BUSY SHIPPING WEEK

Forty-five Vessels, Exclusive of
Regular Liners, Arrive.

MOST OF THEM FOR COAL TRADE

Indications Are That There Will be
Another Smashing of the Port's
Monthly Coal Dumping Record in
Spite of Rainy Days.

The number of vessels to arrive and depart from this port during the week which ended yesterday, exclusive of the regular liners which ply from here to New York and Baltimore, was greater than during any other one week since the beginning of the present year, a total of forty-five vessels, including twenty steamers, eleven schooners and fourteen barges having been entered on the shipping report for the period.

The majority of the vessels have been in the coal trade, only one having arrived to load a general merchandise cargo.

The chances of the amount of coal shipped from this port for the present month breaking the unusually good record of 400,000 tons made during last month, seem to be excellent, as the coal report up to yesterday afternoon showed that almost 300,000 tons had passed over the Chesapeake & Ohio piers since the first of the month, with ten days still remaining in the month in which the work can proceed. This record of nearly 300,000 in the nineteen days of June just past is considered particularly good when it is remembered that there have been sixteen wet and rainy days out of the nineteen, upon which but very little work could be done.

SHE NEEDS WITNESSES.

Mrs. Gould Spends Night in Philadelphia.

(By Associated Press.)
PHILADELPHIA, Pa., June 19.—Mrs. Katherine Clemmons Gould, whose suit for a separation from her husband, Howard Gould, is on trial in New York is a guest at the Hotel Walton in this city tonight. Accompanied by one of her attorneys Mrs. Gould came to this city this afternoon for the purpose of obtaining evidence to refute the testimony given yesterday in New York by former women employees of a Philadelphia hotel.

Mrs. Gould could not be seen but her attorney said that the visit here had been successful. Mrs. Gould probably will leave for New York tomorrow.

His Head Crushed.

RICHMOND, VA., June 19.—John McLennan, a young man who has been making his home with Finley K. McLennan, at 1529 Oakwood avenue, was knocked down by a street car at Thirty-fourth street and Oakwood avenue about 11:30 last night and probably fatally injured. McLennan's head was crushed and he has since suffered from hemorrhages from one of his ears.

Revenue Cutter Leaves.

The United States revenue cutter Yamachra which has been in dry dock No. 1 at the shipyard for the past two days was floated out of the basin yesterday morning, the work of cleaning and painting her shell below the water line having been completed. She steamed yesterday afternoon for Savannah where she will take up her regular station in the future.

Mrs. Sealey Wins Dress.

Mrs. Sealey, of Elizabeth City County, holder of Coupon Number 1206, received the Silk Dress given away by The Capital Dry Goods House.

You Manufacture Fat?

If it were not for the fact that you add to your fat every day, you would soon get back to a decent figure. Each day's activities consume some of your excess. But it is "off with the old—on with the new" with you every twenty-four hours, so that the fat balance remains unchanged.

Now, people who take Marmola Prescription Tablets really get thin, but harmlessly so, and a hint as to the reason is given above. They eat and drink with undisturbed delight as formerly, and yet they lose many of them, a pound a day. The reason is Marmola causes the body to stop manufacturing useless fat; hence the body it is introduced into gets thinner as a matter of course. Each day's activities alone would account for the delightful result.

Check up results from this point of view and you can readily understand why Marmola Prescription Tablets cause no ill effects or wrinkles, but, on the contrary, help the stomach and the appearance. They are nature's allies, not her competitors. This commends them to all, even the timid, as safe; and since they reduce one as fast as is desirable, that is all that is required.

When you get tired trying other methods of getting thin test this one. Marmola Prescription Tablets come in large, generously filled cases, and if your druggist can not supply you, which is unlikely, you can get one or more cases by mail by sending the price, 75 cents, direct to Marmola Company, Dept. 756, Detroit, Mich.

GAME LONG DRAWN-OUT

Athletics B-at North Enders in
Ragged Ten-inning Contest.

WINNERS HAVE BATTING RALLY

Four Pitchers Used, Two By Each
Side, and All of Them Hit Freely
—Five Hundred Enthusiasts See
the Performance.

In a long drawn out and rather ragged game of ball which went for ten innings, replete with errors and home-headed playing on the part of both teams, and relieved now and then by a well executed play, the North End team went down to defeat yesterday afternoon before the Athletics on the Casino diamond by the score of 10 to 9, with about five hundred enthusiastic fans on hand.

Four pitchers took part in the game, Speakman and Charles Balmer operating on the slab for the Athletics, while Simpson and Reynolds did the twirling for North End. All of them were hit freely, which coupled with the six errors registered against each side, helped to boost the number of runs scored.

The main feature of the game was the Athletics' batting rally in the ninth session, which tied the score, and their hitting in the tenth, which won the game for them after they had blanked North Enders in their half of the inning. The other features were Carty's pretty throw from right field to the plate, which cut off Stewart and stopped a run, and Mountcastle's nice head work on several plays at first and second base.

The batting order and score follows:
North End—Powell, cf.; Maloney rf.; Shawen, ss.; Sealey, 2b.; Richardson, 1b.; Bryan, c.; Burbage, c. Carty and Nexsen, rf.; H. Hughes, 2b.; Simpson and Reynolds, p.

Athletics—Mountcastle, 2b.; M. Foley, ss.; Land, cf.; Read, rf.; Rosten, c.; Blankford, 1b.; Burcher, 1b.; T. Foley, 3b.; Stuart, 3b.; Speakman and Balmer, p.

Score:
Athletics .. 10 10 3 0 0 1 2 1—16 12 4
North End .. 0 0 1 0 3 2 0 0—9 12 6
Note: Two out when winning run was made.

Summary: Two base hits, Shawen, Land. Three base hit, Read. Sacrifice hits, Maloney and Mountcastle. Stolen base, Maloney Simpson 2, Shawen, Hughes, Rosten, Burcher, M.

Foley 2, Land, Read 2, Balmer. Hit by pitched ball, Simpson. Wild pitch, Speakman. Balk, Speakman. Hits off Simpson, 11; off Reynolds, 1; off Balmer, 5; off Speakman, 7. Struck out, by Simpson, 5; by Reynolds, 1; by Balmer, 5; by Speakman, 4. Umpires, Magee and Parker. Time, two hours and forty-five minutes.

WOUNDED TRAIN ROBBER
JAILED IN OKLAHOMA

Paul Williams Said to Have Been Leader of Gang That Killed Deputy Kirk.

(By Associated Press.)
MUSKOGEE, OKLA., June 19.—One of the trio alleged to have held a freight crew at Braggs, Oklahoma, yesterday when Deputy Kirk was killed, was placed in jail here. He is known as Paul Williams, alias Mills, and a letter found in his pocket indicates he may be the son of W. T. Mills, of Westville, Fla.

He is seriously wounded but may recover. Fred Donaldson and Fred Wright, believed to be Williams' accomplices in the alleged hold-up, were arrested this afternoon near Proctor, Okla.

Sheriff Clark says the men admitted complicity in the robbery, but declared Williams did all the shooting and fired the shot that killed Kirk.

BERT THOMAS KILLED

Newport News Boy Electrocuted
in His Own Yard.

TINKERING WITH ELECTRIC LIGHT

Touching Uninsulated Wire, Young
Man Sustains Fatal Shock—Body
Brought Home for Interment—Odd
Fellows Attend Funeral in Body.

Bert Thomas, a young man who was born and reared in this city, was electrocuted in the yard of his home, 1916 County street, Norfolk, Friday night. When he was killed almost instantly, and when his young wife reached his side it was too late to render any assistance.

It seems that Mr. Thomas, who served his time as a blacksmith at the local shipyard, had run an electric light wire from his house out into the backyard, and put up a switch to cut the light on and off. He was tinkering with this light about 10 o'clock Friday night and, touching a piece of uninsulated wire, received a deadly shock. It is supposed that the wire at some point must have been cut with one of higher power.

The body was brought to this city yesterday afternoon, and the funeral will be conducted this afternoon at 4 o'clock from the residence of the father of the deceased, Mr. Thomas Thomas, Sr., 2616 Huntington avenue. Rev. S. L. Naff will conduct the services, which will be attended by the Odd Fellows of the city in a body.

Mr. Thomas was a member of Newport News Lodge No. 92, I. O. O. F., and of Newport News Encampment, No. 12. The lodgesmen will meet at their hall, Washington avenue and Thirty-second street, at 3:30 o'clock this afternoon, and proceed to the residence in a body. The interment will be made at Greenlawn.

Mr. Thomas, who was only 24 years of age, is survived by a widow and one child. He had made his home in Norfolk for several years.
